Okay, I get that your club desperately needs members
But I already lend a hand to various clubs
I don't plan on entering a specific one okay?

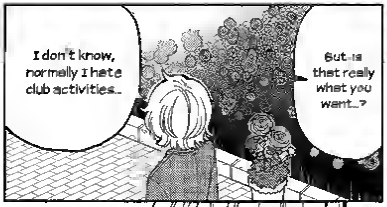
The rose garden has already been seized
As president, I guess I get zero points.
It's not your fault, Yukino...
So I'm not gonna say I'll leave the club in your care...

From the start, you were only supposed to stay until we got a budget
Until the end of the busiest meetings of May, that's all.
So I'll ask you to choose.
Whether you want to continue, or leave it at that

I'll continue
Huh



I don't know, normally I hate club activities...
But is that really what you want...?

Does it bother you?
It certainly doesn't!
Quite the opposite!

But do I really need a reason to continue them?

Oh yeah
The council will get mad at us again...
We must revise this year's plan to include Kurosawa.

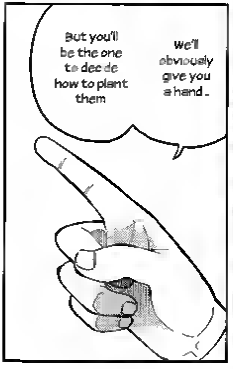
It's tiny, but the exposition to the sun and the drainage are pretty good.

It was decided
That we could keep a few roses around

Hey, it was a polite and constructive discussion.
Yukina had to downright fight with them.
No.
Oh yeah? Try to jump a hit!
Are you extorting money or something?
Don't you have any better places?



But you'll be the one to decide how to plant them
